

International Conference on Recent Advances in Science, Engineering and Technology (ICRASET)

Indexing with Scopus

TOPIC COVERED

CIVIL ENGINEERING

- ❖ Municipal Engineering
- ❖ Water Resource Engineering
- ❖ Transportation Engineering
- ❖ Geotechnical Engineering

MECHANICAL ENGINEERING

- ❖ Mechatronics and Automation
- ❖ Industrial and Systems Engineering
- ❖ Textile and Leather Technology
- ❖ Automobile Engineering
- ❖ Production Technology

BASIC SCIENCE

- ❖ Advanced Numerical Algorithms
- ❖ Advanced Chemistry
- ❖ Mathematical Modeling
- ❖ Computational Physics & Biology
- ❖ Quantum computation

ICT

- ❖ Signal Processing
- ❖ Network Management
- ❖ Cloud Computing
- ❖ Machine Learning

AND MANY MORE

Registration Fees

Categories	(in USD)
Keynote Speaker	199
Academic (Oral/Poster)	299
Business (Oral/Poster)	399
Student (Oral/Poster)	249
Exhibitor	999
Listeners	149
Accompanying Person	149

An elegant and rich premier global platform for the **International Conference on Recent Advances in Science, Engineering and Technology (ICRASET)** that uniquely describes the Academic research and development across globe.

To be held on **23rd - 24th Apr 2020** at **Lae, Papua New Guinea**, this event will provide unique and rational opportunities to all the attendees, researchers from different domains. This event globally strives towards achieving excellence in the cutting edge of all the researchers from all the disciplines of technology and tries to differentiate the gap and integrate the thoughts of academies and researchers worldwide.

The **ICRASET** conference is an international forum for the presentation of technological advances and research results in the fields of Recent Advances in Science, Engineering and Technology
