5th International Conference
on Recent Advances in
Science, Engineering and
Technology (ICRASET-2026)

ABOUT THE CONFERENCE

ICRASET-2026 aims to bring together leading academicians, researchers, engineers, engineers, and industry professionals to share their knowledge and explore emerging innovations across the fields of science, engineering, and technology. Join us for insightful discussions, impactful research presentations, and networking opportunities that drive interdisciplinary collaboration and global progress.

PURPOSE OF ICRASET-2026

- ✓ Provide a platform for professionals to share insights, research findings, and best practices.
- ✓ Identify key challenges and opportunities and explore innovative solutions through discussions and workshops.
- ✓ Highlight cutting-edge technologies, trends, and developments shaping the future.
- ✓ Facilitate networking opportunities to encourage collaboration and partnerships.
- ✓ Support attendees in their career growth through resources, insights, and connections.

CONFERENCE TRACKS

Civil Engineering:

- Modern Trends in Civil Engineering
- Building Energy Conservation and Green Architecture
- Bridge and Tunnel Engineering
- High-rise Structure and Large-span Structure
- Municipal Engineering
- Town Planning
- Water Resource Engineering
- Transportation Engineering
- Geotechnical Engineering

Mechanical Engineering:

- Design and Manufacturing Engineering
- Materials Science and Engineering
- Mechatronics and Automation
- Industrial and Systems Engineering
- Textile and Leather Technology
- Automobile Engineering
- Production Technology
- Avionics

Electrical Engineering:

- Electric Drives and Control
- Power Generation, Transmission and Distribution
- Smart Grids Technologies & Applications
- Renewable Power Generation and its Efficient Utilization
- Electricity Market in Smart Grid
- Power System Engineering & its applications
- Electrical Machines
- Instrumentation Engineering

ICT:

- Communication Networks and Security
- Software Engineering
- Signal Processing
- Network Management
- Cloud Computing
- Parallel and distributed computing
